

Marathon Oil Corporation Announces Pricing of Offering of \$1 Billion of Senior Notes Due 2027

HOUSTON, July 13, 2017 (GLOBE NEWSWIRE) -- Marathon Oil Corporation (NYSE: MRO) announced today that it has priced an offering of \$1 billion of 4.400 percent Senior Notes that will mature on July 15, 2027, pursuant to an effective shelf registration statement that was previously filed with the Securities and Exchange Commission. The price to the public for the 2027 Notes is 99.634 percent of the principal amount.

The Company intends to use the net proceeds from the offering plus existing cash on hand to redeem the following Senior Notes:

- \$682 million 6.0% Notes Due in 2017
- \$854 million 5.9% Notes Due in 2018
- \$228 million 7.5% Notes Due in 2019

The offering and redemption of the Senior Notes will result in a reduction in total gross debt of approximately \$750 million and generate annual cash interest savings of approximately \$60 million. Subsequently, the Company's next maturity will occur in 2020.

Concurrent with the offering of 2027 Notes, the Company terminated a notional amount of \$750 million in interest rate hedges related to the offering for an estimated gain of \$54 million, lowering the estimated all-in yield (after giving effect to underwriting fees and interest rate hedge settlements) to 3.862 percent.

The Company recently extended the maturity of its undrawn revolving credit facility by one year to 2021, and upsized the credit facility from \$3.3 billion to \$3.4 billion.

Additionally, the Company expects to receive the remaining proceeds of approximately \$750 million from the sale of its Canadian subsidiary in first quarter 2018.

The offering is expected to close on July 24, 2017, subject to customary closing conditions. It is being underwritten by J.P.
